The Scandinavian Collectors Club is committed to enhancing your knowledge and enjoyment of Nordic Area philately from beginner to international exhibitor.

## Scandinavian Collectors Club

Founded in 1935 by a small group of Finland collectors, the SCC has developed into the world's largest specialty stamp society catering to collectors interested in the philately of the Scandinavian nations.

Our purpose is to promote fellowship and communication among collectors and students of Scandinavian philately. Our conventions and regional meetings have become gatherings for old and new friends.

SCC members can be found throughout the world, particularly in North America, Europe and especially Scandinavia. Other members live as far away as Asia! This far-flung membership is held together through an award-winning journal called *The Posthorn*, and through local SCC Chapters and Study Groups. From time to time monographs on specialized subjects in Scandinavian philately are also printed for the entire membership.

The SCC is  
American Philatelic Society Affiliate  
Number 79
